

2.4 GHz Wireless *LifeTime* Analog Wall Clocks

Highlights

- *LifeTime* Batteries designed to last the life time of the clock (approximately 15 years)
- Secondary clocks include multi-processor movements
- Each clock receives and retransmits time updates to other clocks, providing virtually unlimited coverage
- 2.4 GHz Direct Sequence, Spread Spectrum Technology
- Operates on the Industrial, Scientific and Medical band
- No FCC license required
- AES 128 bit data encryption for secure, reliable communications
- *LifeTime* Battery Pack included
- Frequent correction assures accurate time
- Internal antenna
- DuraTime clocks have sixteen times the RF power of competing systems
- 2.4GHz receivers feature improved sensitivity for reliable communications compared to other bandwidths
- Quick correction for time changes (max 4 minutes)
- Ideal replacement clock for expensive to maintain hardwired clocks
- Energy efficient, no second hand extends battery life
- No custom back box required
- Security mounting bracket hardware available as an option
- Assembled in the U.S.A.
- Patents Pending
- FCC part 15.247 certified, CE certified

2.4 GHz Wireless Analog Wall Clocks with *LifeTime* Battery

Specifications

Time Base:	Quartz	Security Bracket: (optional)	Steel, punched for single gang electrical box or surface mount
Power Input:	LifeTime Battery Included	Installation kit includes:	2 - screws
Battery Life:	15 years +	Compliance:	2 - plastic universal anchors
Power Output:	20 dBm (100mW)	Case:	FCC Part 15.247
Operating Frequency:	2.4 GHz Direct Sequence, Spread Spectrum	Lens:	ABS plastic or Aluminum Shatterproof polycarbonate
Radio Band:	Industrial, Scientific and Medical (ISM)		
Data Encryption:	AES 128 Bit		
Display:	12/24 hour format		

Ordering Information

Single Sided Wireless Analog Wall Clocks

RC15PL - 15" Plastic Analog Clock & *LifeTime* battery pack

RC15AL - 15" Aluminum Analog Clock & *LifeTime* battery pack

RC22PL - 22" Plastic Analog Clock & *LifeTime* battery pack

Options

Double sided bracket (available in black or silver)

Analog clock locks

IP54 & IP55 Splash Resistance

RC102 DuraTime Master Clock Package required

600 N River St
Derby, KS 67037
