

7710 Style Time Zone Clock

Model 7710E - 1.8" time, 15 character - 1.2" zone labels, 5 zones

Model 7710I - 2.5" time, 15 character - 1.2" zone labels, 4 zones

Model 7710O - 4.0" time, 15 character - 1.2" zone labels, 5 zones

The 7710 series time zone clocks feature user changeable multi-color bar-segment LEDs for the time displays and fifteen character dot matrix digital zone labels below. In many 7710 models, the clock can display up to 16 time zones through page flipping. For example, a five zone clock can show three pages of time zone information. Likewise, a three zone unit can show five pages.

Each 7710 clock comes standard with an OCXO oscillator, which is accurate to .06 seconds per year or 1 second over 20 years.

For easy clock management, an infrared (IR) remote control is included with every 7710 model. An optional BRG Time Commander IR Touch Pad Remote control to use with all of your time zone clocks.

Every 7710 model includes your choice of an Ethernet or USB interface for easy time zone parameter control.

Features:

- OCXO oscillator accurate to .06 seconds per year
- 1.8", 2.5" or 4.0" user changeable multi-color bar segment LEDs for displaying time (red, blue, green, yellow, magenta, cyan or white)
- 1.2" or 2.0" user changeable multi-color 15 character alpha numeric dot matrix LEDs for displaying zone names
- Models that display from 2 to 5 separate time zones
- Zone flipping feature that allows up to 16 zones in a single clock*
- 12 or 24 hour format
- DST and time zone offsets supported
- PC Interface: USB (default), Ethernet (\$0 cost option)
- IR remote control standard
- Black brushed Aluminum frame
- Multiple cord lengths available
- US, British, Australian or European plugs
- 100-240 VAC. 50-60 cycle power
- Available on GSA, contract GS-02F-0030U

*See individual model number for details.

Oven Controlled Crystal Oscillator (OCXO)

- 0.2 Parts per Billion (PPB)
- Accurate to .06 seconds per year
- 1 hundred times more accurate than most competing clocks
- Eliminates the need for GPS or Network time synchronization

7710 Style Time Zone Clocks

Model 7710H - 2.5" time, 15 character 1.2" zone labels & date, 3 zones
